

# How to Use imageRUNNER ADVANCE Desktop Quick Printing Tool

The imageRUNNER ADVANCE Desktop Quick Printing Tool makes it easier to perform printer/fax operations.

- By simply dragging a document to the icon, you can access printer/fax operations.

**NOTE**

- imageRUNNER ADVANCE Desktop Quick Printing Tool can be used free-of-charge.
- The Fax function is displayed in the popup menu only when your printer includes the Fax function.
- If you are using the trial version of imageRUNNER ADVANCE Desktop, you can continue to use the imageRUNNER ADVANCE Desktop Quick Printing Tool to print/send faxes after the trial period expires. To use all of its functions, perform authentication with a license for the full version.
