PRINTER/INK COMPATIBILITY

Océ WS7 is recommended for use with UV Curable, Latex, Eco-solvent and ColorWave 600/650 printers. For more information visit our website, go to: www.csa.canon.com

FINISHING RECOMMENDATIONS

Wait 24 hours after printing to apply an overlaminating film. For best results use a heat activated overlaminating film.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.

Océ UV curable, latex and eco-solvent display graphics media supplies
